

## PROFILE

Born in Groningen, raised in North-Brabant. From an early age, I enjoyed learning through doing and creating, and this proceeded over the years. At the moment, I am a third year Student at the TU/e and I still take every opportunity to learn something new and practice multiple skills. I am open-minded and a quick learner. Working in teams is where I excel the most because then I can deal with constructive criticism to step up my game even more.

# JUDITH VAN ENCKEVORT

 10/08/2000

## EDUCATION

**Eindhoven University of Technology – Bachelor Sustainable Innovation**  
2018 - Present

Studying Sustainable Innovation with the Built Environment track and several Industrial Design and Industrial Engineering tracks.

**High School – Maurick College**

2012 - 2018

Graduated with a Gymnasium E&M and C&M diploma, as well as a Spanish A1 level diploma.

## WORK EXPERIENCE

**Hockeyclub De Dommel - Trainer**

09/2019–Present

The weekly training needs to be both fun and targeted to learn new tactical and/or technical skills. It is challenging, but also rewarding.

**Recorder and piano teacher**

09/2019–Present

On beginner level, I teach both the piano and recorder.

**Direct Result – Sales ambassador**

09/2019–12/2019

Door-to-door 'sales' for charities such as Doctors Without Borders, Red Cross and the Heart foundation. Very motivating work with many challenges and opportunities to grow and boost my skills.
